FUSED BAMBOO BENEFITS

Environmentally Friendly

dassoXTR dassoCTECH  
Carbon-negative throughout its entire life cycle. For further information, please consult our Environmental Product Declaration (EPD)

Well Protected

dassoXTR  
Level of termite resistance:  
Class 8 (AWPA-2012, AWPA E1-09)

dassoCTECH  
Level of termite resistance:  
DC D(durable)  
(EN 117)

Fire Resistant Rating

dassoXTR dassoCTECH  
Decking:  
Class Bfl-s1 (EN 13501-1)  
Cladding:  
Class B-s1, d0 (EN 13501-1)

Lasting

dassoXTR dassoCTECH  
Level of mold resistance: Classification 0  
[DIN EN ISO 846 : 1997-10]  
[DIN EN 152 : 2011]

Solid & Durable

dassoXTR  
Hardness - Brinell: ± 106.8N/mm<sup>2</sup> (DIN EN 1534)  
Bending Strength (MOR): 87N/mm<sup>2</sup> (DIN EN 408)  
Modulus of Elasticity (MOE): 18400N/mm<sup>2</sup> (DIN EN 408)

dassoCTECH  
Hardness - Brinell: ± 79.2/mm<sup>2</sup> (DIN EN 1534)  
Bending Strength (MOR): 110/mm<sup>2</sup> (DIN EN 408)  
Modulus of Elasticity (MOE): 12300N/mm<sup>2</sup> (DIN EN 408)

dassoXTR dassoCTECH  
Durability class 1 (EN 350:2016)  
Use class 4 (EN 350 - EN 335)

Reliable

dassoXTR dassoCTECH  
25-year warranty  
for both residential and commercial

ABOUT DASSO

Founded in 1993, dasso has specialized in the research, development, production, and sales of bamboo resources. With a portfolio of well-known brands, we provide innovative bamboo solutions to over 50 countries and regions. For over 30 years, we have driven the sustainable development of the bamboo industry through technological innovation, aiming to be a global leader in bamboo applications.

OUTDOOR BAMBOO

GROWS OVERNIGHT, LASTS A LIFETIME.
